## Application/Admissions

If you have never attended La Salle University, please submit an application for admission to:

### La Salle University

#### Office of Adult Enrollment

1900 West Olney Avenue,  
Philadelphia, PA 19141-1199

To request application materials, please call **215/951-5149** or FAX your request to **215/951-1462**.

Applications can also be filled out on-line at

**[www.lasalle.edu/continuingstudies](http://www.lasalle.edu/continuingstudies)**

Any questions may be e-mailed to **[stewartm@lasalle.edu](mailto:stewartm@lasalle.edu)**

Hours of operation:

8:30-4:30 Monday through Friday.

## Office of Continuing Studies

Benilde Hall, First Floor

Philadelphia, PA 19141

Telephone Number: 215/951-1234

Fax Number: 215/951-1960

E-mail: [contstd@lasalle.edu](mailto:contstd@lasalle.edu)

Web Address: [www.lasalle.edu/continuingstudies](http://www.lasalle.edu/continuingstudies)

Hours of operation for the summer:

8:30 a.m. to 7:00 p.m. Monday through Thursday;

8:30 a.m. to 4:30 p.m. Friday

## School of Nursing

Wister Building, Mezzanine level

Philadelphia, PA 19141

Telephone Number: 215/951-1430

Fax Number: 215/951-1896

E-mail: [dorr@lasalle.edu](mailto:dorr@lasalle.edu)

Hours of operation:

Day and evening appointments can be scheduled at our Main Campus in Philadelphia or our Bucks County Center in Newtown, Pa.

# Information for New Students

## Educational Opportunities

As the first university in Pennsylvania to offer Bachelor degrees that could be completed entirely in the evening, La Salle University has long been recognized for its dedication to the adult learner. Over the years, as more adults have chosen part-time college programs in order to meet work and family obligations during the day, La Salle has responded with more flexible programs and schedules. Courses are offered in the evening and on weekends at La Salle's main campus. Evening classes are also offered at our sites in Bucks County and Northeast Philadelphia. Part-time baccalaureate students at La Salle receive the same quality instructors and support services that full-time students receive—the same quality education that has ranked the University near the top of nearly every national survey.

## Academic Advising

A range of counseling services is available to students and prospective students as they pursue their academic and career goals. If you have questions about your possible enrollment at La Salle, or if you wish to discuss how the program offerings could benefit you, please arrange an interview with an admission counselor by calling the Office of Admission and Financial Aid at (215) 951-5149.

Advisors in the Office of Continuing Studies and the School of Nursing are available to discuss academic programming and course registration. Each advisor specializes in particular majors and can help you tailor an educational plan. You can meet with your advisor each semester to facilitate course registration.

## College Credit through the College Level Examination Program

The College Level Examination Program (CLEP) offers more than 30 examinations through which adults can demonstrate their knowledge of college level subjects learned outside the classroom. The University is a CLEP test center and encourages students to consider this option for earning credits in their degree programs. As of July 1, 2001, all CLEP tests will be computer-based only. Students interested in more information about CLEP should contact the Continuing Studies Office at (215) 951-1234.

## Admission Policies

To apply for admission to La Salle's evening and weekend programs, complete an application and return it to the Office of Adult Enrollment, La Salle University, 1900 West Olney Avenue, Philadelphia, PA 19141. Applicants with previous college credit must provide copies of their official transcripts from all institutions previously attended. Applicants for non-matriculated (non-degree) status may present unofficial records. With your application, please include a \$35.00 check payable to La Salle University. Students who have previously attended La Salle do not need to apply; simply contact the Office of Continuing Studies at (215) 951-1234 or the School of Nursing at (215) 951-1430. **The application fee will be waived for students who apply on-line at [www.lasalle.edu](http://www.lasalle.edu).**

## Summer Visitors

Students in good standing at other regionally accredited colleges and universities may, with the permission of their deans, enroll for designated courses at La Salle. Summer visitors must request enrollment through the Office of Adult Enrollment, and submit an evening and weekend application. A transcript is not required. Please call (215) 951-5149 for additional information.

## Tuition and Fees/Academic Year 2001-2002

Tuition and fees

To Be Announced

# Summer Session News

## Digital Arts and Multimedia Design Programs

La Salle is introducing a DArt major for evening and weekend students who want to make the most of their computers in the workplace. The degree combines technical training with English and fine arts courses to prepare graduates for careers in computer-aided design. Course instructors are experienced web users who actively develop web applications for industry professionals.

At the same time, we will continue to offer the five-course DArt certificate program – a fast-paced and hands-on 10-month certificate program that uses the latest equipment and software available. Each course runs separately, meeting twice weekly over abbreviated semesters we call Fast Track scheduling.

For more information, please contact Peg McCoey, DArt Director, at 215/951-1136.

## Organizational Dynamics

There's been a change in business philosophy in recent years. Employers are looking for professionals who think beyond their own desks; they want people who can see the relationship between their work and the rest of the company – and between the company and the rest of the world.

This new style of thinking is why La Salle University has created its Organizational Dynamics Degree Completion Program, which combines a strong liberal arts background with key business courses..

Organizational Dynamics students will acquire the concepts and skills needed to adjust to a rapidly changing organizational setting, whether in private industry, government or the non-profit sector. One of the goals is to teach students to be more productive both personally and in group settings. The program is being offered exclusively at La Salle's Bucks County Center in Newtown. And, all courses are held in the evening or on weekends for the convenience of working professionals.

Students must accrue a minimum of 30 college credits (at La Salle or elsewhere) before being accepted. Because the program was created for working people, students can gain college credit for proven professional experience. Flexible formats, such as on-line learning and accelerated courses, are offered. Contact the Office of Adult Enrollment for more information.

## BSN Program for the Licensed Practical Nurse

La Salle's School of Nursing has introduced a bachelor of science in nursing program designed for the licensed practical nurse who's balancing work and family/life obligations. It's one of only two programs of its kind in the area.

Program administrators know most LPNs come to the program with previous work and educational experience, and are willing to recognize it in several ways. Students can obtain advanced placement credit through direct articulation of five credits for basic nursing studies, and challenge examinations. Students can obtain up to 58 credits for basic nursing studies and nursing courses.

Flexibility is provided by allowing the LPN student to complete the program of study at their own pace. Courses are offered during the day, evening, and weekend, and can be taken at our main campus in Northwest Philadelphia, the Northeast campus at Archbishop Ryan High School, or the Bucks County Center in Newtown, Pa.

For more information, contact Mary Dorr, Assistant Dean, at 215/951-1430, e-mail [dorr@lasalle.edu](mailto:dorr@lasalle.edu) or fax: 215/951-1896.

## The New B.S. in Information Technology

La Salle University is now offering an Evening and Weekend Bachelor of Science Degree in one of the most in-demand fields in today's job market. The B.S. in Information Technology gives students the skills and knowledge base they need to have a successful career, and remain lifelong learners.

The general focus of this new major is to provide technical computer science training to computer-oriented students who are interested in the basics of computer information science. But these students should have specific interest in information technology, including the areas of networks, client support systems, and telecommunications. The program provides specialists for hardware and software support, network design and administration, and general computer consulting capabilities.

Because technology is rapidly finding its place in almost every area of industry, this major should interest those wishing to pursue studies in the practical aspects of information technology and networks with an eye toward acquisition of network certification. IT majors are encouraged to complete a concentration in one of two areas: Technical Writing or Digital Arts and Multimedia Design (DArt).

# Special Topic & Other Course Descriptions

## ART 276 – SPECIAL TOPIC - NORTHERN RENAISSANCE ART

This course covers fifteenth and sixteenth-century art in Northern Europe. In addition to covering the major masters of the period, we will also examine their art in its religious and devotional context, as well as the impact of Humanism and the Reformation.

## CSD 471 – SPECIAL TOPIC - WEB SCRIPTING

This course describes scripting used to create dynamic and interactive documents for the Internet. Object Oriented Design and Analysis are the foundation for the study of the navigator object, the document object, the form object, and the language object. The relationship between HTML and current scripting languages will be explored. The fundamentals of scripting language design will be discussed including syntax, (control structures, operators, etc.), variable naming, and functions for both client and server side functionality. The course will specifically address database concepts required to interact with web-based documents and the supporting server applications including form and data validation, web security, and database connectivity. Other topics, which may be addressed, include event-driven interactions, current technology strategies and the future of scripting functions. Pre-requisite "Eng 330, HTML, or permission of the Director.

## ENG 150 - THEMES IN LITERATURE AND CULTURE: FAMILY RELATIONSHIPS (THOSE THAT BIND, THOSE THAT LIBERATE)

This course will concentrate on literature focused on family relationships and the various effects these relationships have on individuals. Through readings, written assignments, and class discussion—as well as the viewing of films—students will critically respond to various genres of literature such as fiction, poetry, and drama.

## ENG 250 - WRITERS AND THEIR WORLDS: AMERICAN SHORT STORIES AND THE FILMS BASED ON THEM

Not only do writer create their own worlds, but filmmakers recreate these worlds into screen adaptations of literary works. This course will look at the worlds American short story writers have created and the recreations of those worlds found in films based on literary works. Among the writers we will look at—whom filmmakers have found so interesting—are Flannery O'Connor, Ernest Hemingway, William Faulkner, Joyce Carol Oates, and Richard Wright.

## ENG 370 – SPECIAL TOPIC - 19TH CENTURY AMERICAN HUMOR

Is there a specifically American brand of humor? If so, what are its origins? This course covers the early days of the republic until the end of the 19th century and studies the evolution of comic types, the durability of such themes as the battle between the sexes and the loss of innocence, the historical development of different forms of regional humor, and the issues of race, gender and religion often underlying comic writing in America. Prerequisite: English 150 or equivalent. Substitutes for an American literature requirement with permission of James Butler, Chair of English.

## GEO 170 – SPECIAL TOPIC - EARTH SCIENCE

An introduction and survey of Planet Earth and those processes that modify it. This course will cover a wide range of topics, including rocks and minerals, volcanoes, earthquakes, ocean processes, meteorology and weather phenomena, and astronomy. Course will fulfill Foundation (or Framework – Natural) Science requirement.

## HIS 340 - BASEBALL & AMERICAN CULTURE

This course studies the relationship between baseball and developments in American History since 1840. It traces the emergence of baseball, professional & amateur, and the sports connections with key developments in American history. Topics covered include: the Link with the Civil War, Immigration, the Rise of the City, the Impact of the World Wars, and the Transformation of American Society in the last half of the 20th century. Through reading, lectures and videos, the course shows how baseball has been an almost perfect mirror of every major development in United States history.

## PHL 270 – SPECIAL TOPIC – EVIL, TEMPTATION, MYSTICISM

This course takes examples from Christian and Islamic mystical (Sufi) texts and explores their language, ideas and claims to truth. Impediments to mystical union with God such as evil, sin and temptation are also discussed. Objections to the validity of mystical experience are given particular attention. A spirituality of action, reflecting a Judaic critique of mysticism in Christianity and Islam, is suggested as an alternative. Offered for students with an interest in philosophy, religion and psychology.

## PSY 270 – SPECIAL TOPIC - HUMAN SEXUALITY

Human Sexuality will address the conceptualization of sexual behavior that goes beyond reproduction. Students are encouraged to explore the contribution of the socio-biological perspective of human sexual functioning. A brief survey of the historical approaches with respect to understanding values, beliefs and accepted behaviors will be covered.

## SWK 370 – SPECIAL TOPIC - GROUPS

This course will examine group dynamics, group process, and leading groups. Much of the course will be experiential as students will be working in a group and experiencing groups first hand. The course will give the student the skills necessary for beginning work with groups. This course is ideal for social work, psychology, criminal justice, sociology, communications, and nursing majors. It is open to anyone interested in learning about groups.

# Summer 2001 Academic Calendar

Session	Prereg. Deadline	In-Person Reg. & Roster Change	Classes Begin:	Pass/Fail Option By:	Withdraw By:	Final Exam
Summer I May 14-June 21	May 4	May 14, 15 (Note: There are no classes on Monday, May 28. The make-up day is Friday, June 1)	May 14	May 25	June 1	June 20, 21
Summer II June 25-Aug. 2	June 15	June 25, 26 (Note: There are no classes on Wednesday, July 4. The make-up day is Friday, July 6)	June 25	July 6	July 13	Aug. 1, 2

## Pre-Registration – When, Where & How

Pre-registration begins Monday, March 19, 2001. See below for information on using LUWIS to process registration on-line. Day students can submit their pre-registration forms directly to the Office of the Registrar after receiving the written permission of their advisor. Evening student pre-registration forms may be dropped off, mailed, or faxed to:

**La Salle University**  
**Office of Continuing Studies - Benilde Hall**  
**1900 West Olney Avenue**  
**Philadelphia, PA 19141-1199**  
**Fax: 215/951-1960**

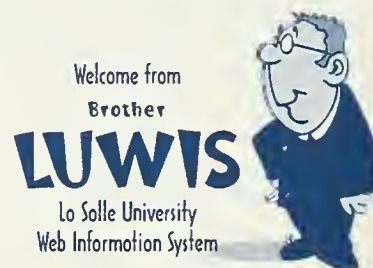

**La Salle University**  
**Attn: Mary Dorr**  
**School of Nursing - Wister Hall**  
**Philadelphia, PA 19141-1199**  
**Fax: 215/951-1896**

**Pre-register early in order to ensure placement in the class of your choice.**

## Web Registration is Here

LUWIS will be available beginning March 19, 2001. Students may elect to use LUWIS to process summer registration on-line, rather than mailing, faxing or dropping off forms. If so, the following procedures must be followed:

Day Students should obtain their faculty/department adviser's signature on the Summer Registration Form, before proceeding to their Dean's Office, with the signed form, to receive the Registration/Alternate Pin needed to process registration on-line.

Evening Students should refer to their Adviser Letter for more information on using LUWIS. Adviser Letters are included with the Summer Registration material that was mailed to all active evening students.

## In-Person Registration – Where & When

Session	Place	Date	Time
Summer I-Day Summer I-Eve	Office of the Registrar	May 14, 15 <i>Mon</i>	9:00 AM to 10:30 AM * 5:30 PM to 6:30 PM
Summer II-Day Summer II-Eve	Office of the Registrar	June 25, 26 <i>Mon</i>	9:00 AM to 10:30 AM * 5:30 PM to 6:30 PM

# General Information

## Financial Aid

Although students are responsible for meeting their own financial obligations to the University, there are a variety of financial aid options, including grants and loans, to assist students. Students are encouraged to contact the Financial Aid Office as early as possible in the pre-registration process, in order to explore these options. Students should note that it normally takes four to six weeks to complete the financial aid process. Students can check the status of their financial aid by logging onto LUWIS. Filing late or submitting requested documentation after the deadline may cause a reduction in the financial aid award or a delay in having aid credited to the account. If financial aid is not in place at the start of the summer term, students must be prepared to pay their charges in full themselves, or use the Deferred Payment Plan as it is available. The telephone number to the Financial Aid Office is 215/951-1070 and the e-mail address is [finaid@lasalle.edu](mailto:finaid@lasalle.edu).

## Modern Handling Equipment Company Scholarship Program

Through the generous auspices of the Modern Handling Equipment Company, evening students pursuing an undergraduate degree in our School of Business Administration are eligible for this scholarship, for the summer as well as the Fall and Spring semesters. Student must be enrolled for a minimum of six credits during the term when the scholarship will be used. Information on eligibility and scholarship applications are available in the Office of Continuing Studies or the Office of Financial Aid. Applications for summer scholarships must be submitted by April 30, 2001.

## Tuition Reduction for Catholic School Teachers

Persons employed as full-time teachers in any of the parish or archdiocesan schools or in any private Catholic school in the Delaware Valley may receive a 30 percent tuition reduction for undergraduate courses taken on a part-time basis, not to exceed 9 credits during the summer. A letter from the principal verifying full-time employment is required for each session of attendance at La Salle University, and must be submitted to the Office of Continuing Studies for further processing.

## Identification Cards

All students are required to have an ID card, once they enroll at the University. ID cards are necessary in order to use the Connelly Library, Hayman Center and computer laboratories. Photo identification cards are available at the University ID and Gold Card Account Office, located in the lower level of the Union Building. Students at the Bucks County Center or the Northeast Campus may obtain a photo identification card at specified dates during the beginning of each summer session. The telephone number for the ID and Gold Card Office is 215/951-1578.

## Parking and Vehicle Registration

In order to use the University's on-campus parking facilities, vehicles must be registered with the Security and Safety Department. Parking in the Good Shepherd Lot is free if your vehicle is registered, and a fee is charged for the use of all other parking lots on Main Campus. There is no fee or vehicle registration required at the Bucks County Center or the Northeast Campus. Currently enrolled students, who had a parking permit for the previous spring semester, are not required to pay the summer parking fees. New students, and returning students who did not attend the previous spring, must register their vehicle and pay the summer parking fee of \$10. Any student requiring a parking permit application should contact the parking office at 215/951-1066 and one will be mailed.

# Registration Information

---

## Pre-Registration

Students are encouraged to register early via LUWIS or by mail or fax in order to assure they will receive the classes of their choice. Early registration also allows for students to roster courses without having to make tuition payment immediately. Upon completion of registration, the student is officially enrolled in the courses rostered and is financially responsible for tuition and fees.

## In-Person Registration

In-Person Registration is held on selected nights during the first week of classes each session (see page 8). Students must attend In-Person Registration if:

- they do not register by the pre-registration deadline;
- they wish to make any changes to their pre-registration;
- they have not submitted tuition payment yet.

## Changes of Roster

After their initial registration has been processed, students may add or drop courses only during the first two days of each summer session (see page 11). If students are unable to continue with the class(es) they have registered for, they must officially drop or withdraw from the class(es), using the appropriate form available in the Office of Continuing Studies or the appropriate dean's office. Students who do not officially drop or withdraw from their classes will be liable for the tuition and fees associated with the courses, and may receive failing grades for the courses. In the case of a withdrawal, the pro-rated tuition refund schedule will apply.

## Cancelled Courses

Courses included in this roster will run if student enrollment is sufficient. Decisions to cancel courses for insufficient enrollment are made either after the Pre-Registration or In-Person Registration process is completed. The Office of Continuing Studies and the School of Nursing will make every effort to contact students who have registered for courses that are cancelled, either in writing or over the telephone. If tuition payment has been made for the course, and the student does not wish to make a substitution, a full refund will be generated.

## Evening Students Taking Day Courses

Students in this situation are encouraged to contact their adviser, and pre-register as early as possible in the process. Day classes often fill up quickly, and evening students who typically register late in the cycle may find these classes closed. Evening students should expect to pay the day student rate for these classes. Contact the Continuing Studies Office for additional information.

# Payment Procedures

---

An invoice for your summer session charges will be mailed to you prior to the beginning of each session. Payment will be due approximately fifteen (15) days from the date of the invoice. You will find it more convenient and are encouraged to make and complete registration by mail. However, if there are irregularities in your pre-registration, if you desire to make a change, or if you have not paid your invoice by the mail payment due date, then you must complete your registration and payment in person on campus.

Do not send cash through the mail. The University cannot be responsible for cash sent through the mail. Please pay by check, bank draft, cashier's check, money order, VISA or Master Card. Payments by mail should be made in the envelope provided and mailed so as to reach the University by the due date. A \$20.00 fee will be assessed for returned checks. Also, if you need to make a payment outside of the regular office hours, a payment drop box is located outside of the Bursar's Office on the 1st Floor of the Administration Center.

If you would like to use your VISA or Master Card to pay some or all of your educational expenses, you can complete the credit card transaction form that is enclosed with your invoice or you can follow the instructions at "Brother LUWIS" on the La Salle University WEB site ([lasalle.edu](http://lasalle.edu)) to make payment via the Web.

## Third Party Billing Arrangements

If you have a recognized third party (employer, labor union, foundation, etc.) who is paying all of your tuition, you may send a copy of the "official notification" along with your invoice, and credit will be applied to your invoice for the authorized amount of the sponsor's award. Be sure to also enclose a check or other form of payment for any balance due. To be eligible, the sponsor's award notification must be from a recognized "organization", not an individual, clearly indicate the amount that will be paid, give all necessary billing instructions and be signed by an authorized representative. If the organization sends the payment at the end of the semester upon receipt of your grades for the semester, you must pay the tuition in full at the beginning of the semester, enroll in the Deferred Payment Plan, or apply for financial aid to cover the tuition charges.

## Deferred Payment

The Deferred Payment Plan is offered by the University to provide a way to pay up to 75 percent of tuition and fees in monthly installments **during the semester**. The maximum amount that can be deferred is 75 percent of the semester educational expenses less any University student financial aid. To participate in the Deferred Payment Plan, the completed Promissory Note form must be presented to the Bursar's Office along with any required down payment (usually 25 percent).

Then, three subsequent monthly payments are made during the semester. There is a \$20 application fee, which is paid with your first monthly installment and a finance charge calculated at the rate of one percent of the average daily balance per month. Delinquent payments are subject to a late fee of \$5 or 5 percent of the past due balance, whichever is greater. The Deferred Payment Plan Promissory Note is included with each semester's invoice or can be printed from the La Salle website at [www.lasalle.edu](http://www.lasalle.edu).

## Withdrawing from Classes

Students are considered in attendance until formal notice of withdrawal is received by the appropriate Dean or Office of Continuing Studies. Non-attendance of classes and verbal messages conveyed to instructors do not constitute official notification. Formal notice of withdrawal requires the student complete and sign the University's Withdrawal form, available from the Office of Continuing Studies or the Dean's Offices. In cases where students are not present on Main Campus to process this, the Withdrawal form may be faxed to the student for signature, and then faxed back for further processing.

It is the student's responsibility to check with the Office of Financial Aid regarding the effect withdrawing from class(es) may have on their financial aid.

## Refund Policy

Refunds of tuition will be based on the date on the official Withdrawal Form, and students will be considered to be in continuous enrollment until that date. Weeks of the session are defined beginning with the first official day of the session, rather than the first day on which a particular class is held, or the first day on which a student actually attends class.

### Time of Drop/Withdrawal

Before first day of the session  
During first week of the session  
After first week of session

### Refund

100% (tuition and fees)  
60% (tuition only)  
None

# Campus Locations

## Undergraduate Pre-Registration Form

### Summer 2001 Session

Evening Students can fax, mail or hand-deliver form to Office of Continuing Studies or School of Nursing Dean's Office.  
Day Students can hand-deliver form to Office of the Registrar after obtaining signature from advisor. See page 8 for information on LUWIS.
